Course Description: In this two-day course, participants will focus on issues such as how to maintain quality by using audits and evaluations for monitoring purposes. Quality theories taught by Drs. Deming and Juran will be included as foundations for implementing new quality initiatives. In addition, several types of project audits will be explored as a means of controlling the project with more efficiency. This course will follow one or more of Project Management Institute’s knowledge areas of the PMBOK® Guide.

Methods: Students will use discussion, cases, and group activities to facilitate the course.
